Sebastian Frhr. von Bechtolsheim mainly focuses on the field of Company Law including relevant Tax Law and Contractual Law. He puts emphasis on qualified counselling of his clients in acquisition and sale, set-up and restructuring, reorganisation and financing of enterprises as well as groups of enterprises in Germany and abroad. His work moreover entails profound experience in coping with very individual situations. Sebastian Frhr. von Bechtolsheim has specialised expertise in partnerships limited by shares that represent the most uncommon classic legal form in German law.

Although generally non-contentious solutions are preferred, the approved instruments also include enforcing the clients' interests through litigation with high media attention.

The enterprises as well as their circle of shareholders are frequently spread at an international level. Not least due to his three years' professional experience gained in the European headquarters of a U.S. computer group in Paris as well as extensive professional stays in London and Boston, Sebastian Frhr. von Bechtolsheim prides himself on his profound knowledge of languages and cultural life, which is crucial to handling delicate transactions.

In addition, Sebastian Frhr. von Bechtolsheim is active since years as Coach to the Chair in Computer Science (Lehrstuhl für Informatik) of Technische Universität München with respect to start-up businesses.

As personal consultant to enterprises and their owners, investor as well as in family matters Sebastian Frhr. von Bechtolsheim is sought-after, even beyond the legal domain, in entrepreneurial and strategic matters.

Sebastian Frhr. von Bechtolsheim has many years of experience not only as a member of the supervisory board but also as chairman (RLPR 2000 AG, FLEXA Technologies Holding KGaA). It is exactly because of his aforementioned activities that it is very important to Sebastian Frhr. von Bechtolsheim to do charitable and voluntary work: He is delegate of the Order of Malta in Bavaria and provides counselling and other assistance also to various further non-profit organisations in Germany and abroad.
